**SEM Committee Decision for the Regulatory Authorities in relation to Mod\_20\_18 (Final Recommendation Report FRR\_20\_18)**

Dear Esther,

On 21 September 2018, the Modifications Committee submitted its Modification Recommendation Report with regard to Modification Proposal Mod\_20\_18 - Agreed Procedure Updates - in accordance with Paragraph B.17.18.1 of Part B of the SEM Trading and Settlement Code (TSC).

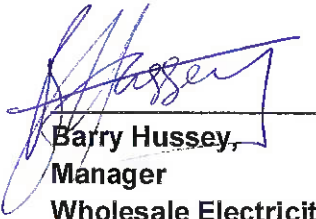

The Modification Proposal Mod\_20\_18 was submitted to the Modifications Committee by SEMO on 2 August 2018.

This proposal aims to make four changes to the Part B Agreed Procedures. Two of these changes are to correct errors which have been identified and two are intended to aid clarity by including additional detail on the procedures described. Version two includes additional detail in the body of the Code in Chapter G and Appendix G.

The Regulatory Authorities note that a presentation was made to the Modifications Committee meeting on 16 August 2018 summarising the requirement for this proposal (following previously being discussed at Modifications Committee meeting number 84 on 21 June 2018). This proposal corrects two known errors. This proposal also aims to add clarity, adding more explicit detail setting out how these mechanisms operate is more precisely reflected within the affected agreed procedures. The Modifications Committee voted unanimously to approve this Modification Proposal noting that the modification furthered the objective of the transparent operation of the SEM.

Considering the above, and in accordance with Paragraph B.17.20 of the Code, the SEM Committee direct that a Modification, as set out in Section 9 of FRR\_20\_18, is implemented on a Trading Day basis with effect from one Working Day after the date of this letter.

Yours sincerely,
