**SEM Committee Decision for the Regulatory Authorities in relation to Mod\_26\_18 (Final Recommendation Report FRR\_26\_18)**

Dear Esther,

On 21 September 2018, the Modifications Committee submitted its Modification Recommendation Report with regard to Modification Proposal Mod\_26\_18 "Market Back Up Price reference corrections" in accordance with Paragraph B.17.18.1 of Part B of the SEM Trading and Settlement Code (TSC).

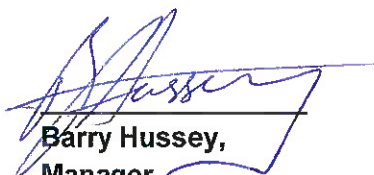

The Modification Proposal Mod\_26\_18 was submitted to the Modifications Committee by SEMO on 9 August 2018.

This proposal seeks to address the incorrect referencing of the paragraph relating to the calculation of the Market Back Up Price in two places where this is referenced as section E.4.6 (Determination of Administered Scarcity Price) but the correct reference is E.5.

The Regulatory Authorities note that a presentation was made to the Modifications Committee meeting on 16 August 2018 in which the proposer delivered a short presentation in which it was confirmed that 2 small corrections were proposed to be made to 2 incorrect references. The Regulatory Authorities further note that the Modifications Committee voted unanimously that the Modification Proposal should be approved.

Considering the above, and in accordance with Paragraph B.17.20 of the Code, the SEM Committee direct that a Modification, as set out in Appendix 1 of FRR\_26\_18, is implemented on a Trading Day basis with effect from one Working Day after the date of this letter.

Yours sincerely,

**Barry Hussey,  
Manager**

**Wholesale Electricity Markets**
